

## Community Council Meeting 2/10/2025

### In Attendance

Sunnie Adams President  
Brielle Brosier DHHS Teacher  
Saysha Nielsen Parent  
Jaime Bahlman Parent  
Jana Fullmer Parent  
Kenley Brinkerhoff Parent  
Justin Keate Principal  
Cari Bangerter DHHS Secretary  
Esther Pugmire DHHS Counselor

### Absent

Lindsay Jorgensen

#### Justin: Trust Lands Money

- Using TLMoney to pay for extra classes with temp teachers. 15 Full Periods, pay up for a needed full time counselor.
- Adding 1 more period to our ESL teacher. A full period costs about \$10,000 each.
- Replacing 2 or 3 rooms of chromebooks. We will continue to have a 1:1 access, so each student has access to a chromebook.

#### Questions:

Kennley: How has the new boundary changes affected our staffing?

Justin: We did lose the Leeds area and Desert Color, but DHHS is still an open boundary school, which means we will accept out of boundary students that have approved waivers.

Student from 7th grade on will still have a choice which school to attend next year, but starting in 6th grade they will need a waiver for high school and not get a choice to other schools in the conesite that are not open boundary.

CTE high affects us more than our new boundaries. We are losing 70-80 students a year to the CTE because it is in our neighborhood.

CTE has been very hard to staff this upcoming year. The biggest changes we are seeing are in the computers and business classes that have dropped student numbers.

#### Justin: TSSA Money

- \$304,000.00 allocated for 25/26
- Our Student Learning Goals: Student Learning, Safe Learning Environment.
- Monies will be used for the following:
- Hope Week
- School of Life: Tier 2 & Leadership & Behavior Training
- School Pulse: School Pulse: School text program for students that need any type of help. They average about 20-30 conversations a day from our students. This is a local program.
- Life Launch University

- Back to School Night
- Teacher Leadership Academy
- PBIS & Student Recognition awards
- Professional Development: Conference, subs, department head councils
- Extra Duty Teachers: Fine arts teachers do the musicals, Department Head positions, Intervention secretaries, Paraprofessionals, Wellness Room advisor, Teen Center Advisor, Credit Recovery Teacher, College Career Advisor, Educational Coaches ie: Aaron Hanson or like types.

Questions/Comments:

Jana: DECA can be assigned to quantify the numbers of Intervention and Special Paras to be paid more?

Justin: Great idea. Then they could present their findings to the School Board.

Justin: The Universities are "sunsetting" their College Career Advisors in the schools. They are still beneficial and we are looking into funding them to stay here. They would be paid from TSSA funds and be shared between schools.

Sunnie: We should allocate money for intervention staff to cover the Teen Center during the Summer.

Justin: Great Idea. I will look into adding that to the cost breakdown.

Voting:

Sunnie: All in favor of the Principal's allocations.

All in Favor

Summer

We should allocate money for interment staff to come run the Teen Center during the summer.
